

Symposium description

for the International Young Talent Program of the Airbag Symposium in Karlsruhe

1. Subject of the contract

- **1.1.** The International Young Talent Program of the Airbag Symposium (hereinafter referred to as the "Symposium") is aimed at students of the STEM subjects. It enables participants to attend the Symposium free of charge, and also offers them the opportunity to make valuable contacts for their professional future.
- **1.2.** The Symposium will take place from 25.11 to 27.11.2024 at the Congress Center in Mannheim. The Symposium organizer is the Fraunhofer Institute for Chemical Technology, Joseph-von-Fraunhofer-Straße 7, 76327 Pfinztal. All rights and obligations regulated in the Symposium terms and conditions therefore exist in favor of or vis-à-vis Fraunhofer ICT.

2. Application; Conclusion of contract

- **2.1.** Applications can be submitted online via the website <u>airbag-symposium.eu</u>.
- **2.2.** With your online application, you submit an offer to participate in the Symposium. After completing the online application, you will receive confirmation that your application has been received. This information does not constitute acceptance of the contract. A contract for participation in the Symposium is only concluded with our explicit confirmation of your participation, which will be sent to you by e-mail.
- **2.3.** Your access to the Symposium is not transferable to third parties.

3. Content of the event

- 3.1 The content of the Symposium can be found in the program, which is available as part of the Symposium announcement on our website <u>airbag-symposium.eu</u>. The Symposium will begin with registration on Monday, 25.11.2024 and end on Wednesday, 27.11.2024.
- 3.2 We reserve the right to make changes to the program schedule or to its content. We will make every effort to announce changes to the program schedule or program content in good time.

4. Use of data

By participating, you consent to the use of data provided during registration in anonymized form, for statistical purposes in order to measure the effectiveness of the International Young Talent program.
